A Comprehensive Recruitment Approach Powered by Extended Trading Terms

At Torque Recruitment Group we provide much more than just a worker on site. Whilst we are acutely aware of our clients' personnel requirements, we also understand the commercial pressures associated with outsourcing any aspect of your business. Not only are jobs harder to win, margins are tighter and payment terms are continually being extended. In this environment, protecting and managing cash flow is critical to achieving operational objectives and future sales outcomes.

Yes we recruit and yes we certainly provide excellent service, but explore our offerings a little bit deeper. Imagine a scenario where you can meet your payroll AFTER you get paid for the job on *extended terms up to 120 days EOM*. **Torque Standard, Torque Transition, Torque Payroll** and **Torque Advantage** have been designed as a total recruitment solution to address your pricing and cash flow pressures, providing stability, certainty and peace of mind for your business today and tomorrow.
